

AMS SUMMIT FOR ACSA MEMBERS

Please Join AMS for the Following Sessions:

Session 1: Cotton Prices & the Critical Need for Data

This session dives into why AMS needs cotton price data, how reporting prices affects the reports, and what happens if there is not adequate reporting. We recommend all ACSA members participate.

Session 2: Review of ACSA Committee Reports

Recently, AMS reviewed items in the ACSA committee reports that pertained to AMS and their data collection process. This session examines how AMS can assist in moving some of the action items forward from ACSA committee reports as well as how USDA can modernize the data collection process. We recommend all members to attend but emphasize that members serving on the Quality, Quotations, and Technical Standards committee attend.

Session 3: Cotton Market News 101

This session is designed for anyone who would like to learn about what the AMS, Cotton and Tobacco Program's Market News Division has to offer. It will cover the major reports, how to access them, and what data is available. We suggest merchants not familiar with tools offered by the Market News Divisions to attend.

Session 4: Improving Cotton Market News Reports/ Data

In this session, participants will discuss ways AMS and Cotton Market News can improve their reports by finding out what information is missing from their reports and how they can make data more available to ACSA members. We recommend all members to attend.

MARK YOUR
CALENDAR

SESSION 1
TUESDAY,
SEPTEMBER 29TH
2:00-3:30 PM CST

SESSION 2
WEDNESDAY,
SEPTEMBER 30TH
2:00-3:00 PM CST

SESSION 3
TUESDAY,
OCTOBER 6TH
2:00-3:30 PM CST

SESSION 4
WEDNESDAY,
OCTOBER 7TH
2:00-3:00 PM CST

WE LOOK
FORWARD TO
YOUR
PARTICIPATION!
